

Aaron Gilmore

Digital designer and front-end developer

About

My name is Aaron Gilmore and I'm a digital designer working primarily on the web.

I've been working professionally for over 4 years in various roles; interface design for both the web and native mobile, front-end web development, prototyping, and project management.

Education

Interactive Multimedia Design BSc, University of Ulster
Second-class honours, upper division (2:1)
September 2011–May 2015
